How We Work Together

Our Certified Consultants Help You Achieve True Equity

STEP 1: Partnering with you to take a close look at your systems, instruction, and student achievement, through an equity lens.

STEP 2: Planning a comprehensive approach to meet identified needs.

STEP 3: Providing tailored workshops that combine targeted knowledge and skills development with job-embedded coaching to create sustainable practices.

STEP 4: Producing measurable results.

Your leadership team will be able to:

- Build the capacity of staff
- Develop a culture of access, equity, and empowerment
- Use data to analyze the root causes of disproportionality
- Implement proactive strategies

Your teachers will be able to:

- Gain practical strategies to build positive, meaningful relationships
- Learn to cultivate belonging with rigor and relevance
- Build trust among and between teachers and students
- Develop strategies to address implicit bias and trauma
